WELCOME TO THE ECLIPSE

Created with the modern growing family in mind. The eclipse collection is perfectly compact and with working from home features. Built to fit narrow lots found commonly in modern Sydney suburbs, we created this three-bedroom single-storey to provide everything a new growing family could ever possibly need. That means all the essentials within a well-thought-out design.

With the open-plan kitchen to living area placed at the back of the home, it provides a cosy and contemporary feel to this neatly designed home. Although we've crafted the Eclipse 14 for narrow blocks of land, despite its compact design, you'll find it feels pretty big for its size, thanks to the open floor living area!

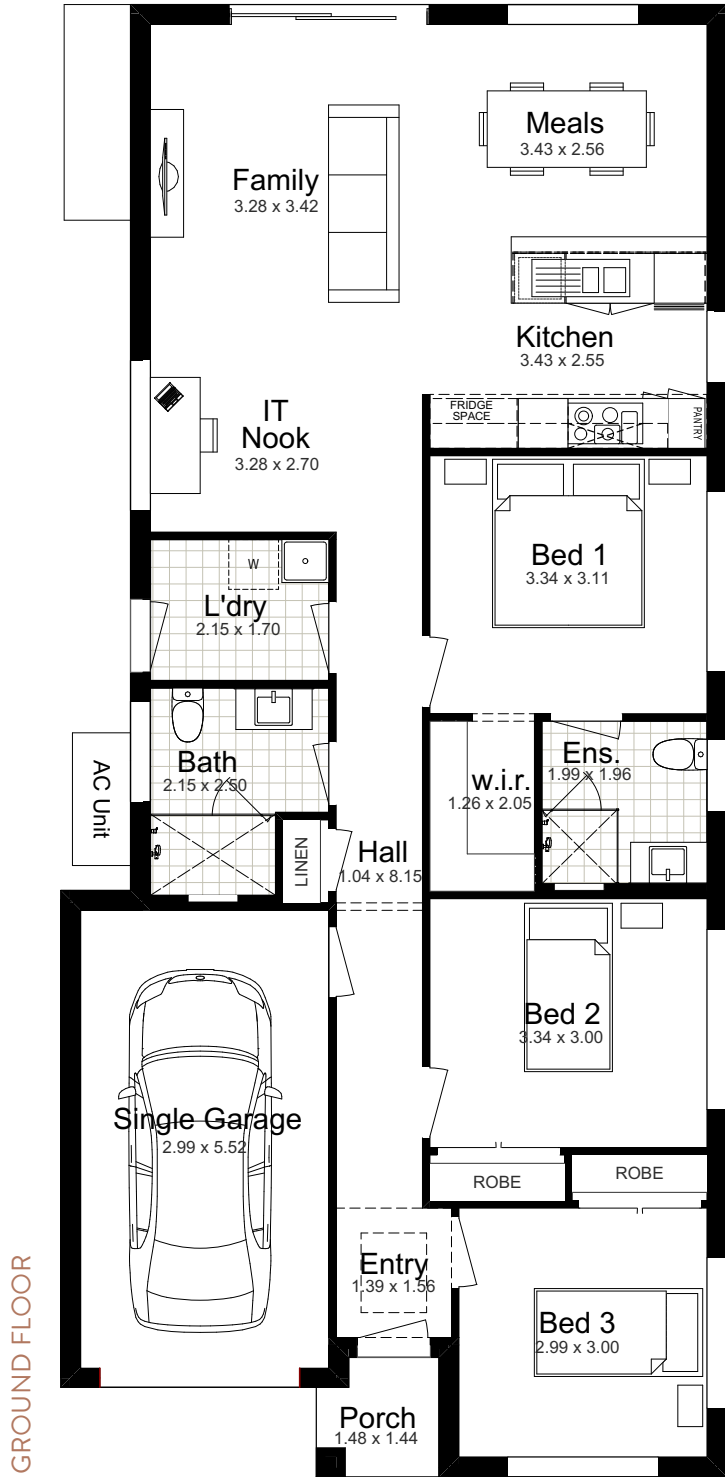

ECLIPSE 14

As times change, working from home is becoming the norm in most households. The home office will provide some practicality to a modern family. Plus, families with older kids can also use this area for homework or uni assessments. Each room is given the space it needs for everyday living while staying connected to a central hall that keeps the family closer.
